I Go To Mass	The children will learn about the Mass by connecting it with things they do at home.

Math	What will we learn
Chapter	
Readiness	Identify when something happens Identify how often something happen Name the days of the week Identify circle, square and triangle
1. Position and Classify	Position words Tell how objects are the same or different Use clues to solve problems
2. Sorting	Sort objects Use more and fewer to compare groups of objects Solve problems by acting it out
3. Data and Graphs	Make real graphs, picture graphs and bar graphs Solve problems by making a real graph.
4. Patterns	Copy patterns Extend patterns Find and use patterns to solve problems
5. Numbers to 5	Count, read and write numbers to 5 Compare and order numbers to 5 Make picture graphs to solve problems
6. Numbers to 10	Count, read, and write numbers to 10 Compare and order numbers to 10 Use ordinal numbers to tenth Make a table to solve problems
7. Numbers to 20	Count, read and write numbers to 20 Compare and order numbers to 20 Skip count by twos to 20 Draw a picture to solve problems

8. Numbers to 100	<p>Count, read, and write numbers to 50          Compare and order numbers to 50          Count by one, fives, and tens to 100          Make a table to solve problems</p>
9. Money	<p>Identify pennies, nickels, dimes, quarters and dollar bills          Identify the value of pennies, nickels, and dimes          Act out situations to solve problems</p>
10. Measurement	<p>Find the longer and shorter of two objects          Measure length using nonstandard units          Explore capacity, weight, and temperature          Use guess and check to solve problems</p>
11. Time	<p>Identify months and days          Tell time to the hour and half hour          Use logical reasoning to solve problems</p>
12. Addition Concepts	<p>Show the meaning of addition          Explore addition in horizontal and vertical forms          Add, sums to 10          Draw a picture to solve problems</p>
13. Subtraction Concepts	<p>Show the meaning of subtraction          Explore subtraction in horizontal and vertical forms          Find differences from 10          Choose the operation to solve problems</p>
14. Geometry and Fractions	<p>Sort solid figures          Relate plane figures and solid figures          Explore equal parts, equal groups, and halves          Act out situations to solve problems</p>
